I suggest since at this moment in time it is the NEPA decision(s) that is driving this, and we have OECA folks available, lets go ahead. Other folks from water can attend and fill in Mike.

Subject: Fwd: New Time Proposed: Rosemont Briefing

Mike Shapiro is requesting that we push the briefing to 3 hours later today (1pm our time) or to another day altogether. The scheduled time is the only slot that appeared to work for everyone when I was scheduling this last week, so I don't know how many other participants will be available later. Currently, the following HQ folks have accepted for the original time: Rob Tomiak, Larry Starfield, Greg Peck, and David Cozad. Shall we proceed with this group, or try to find another time/day when Mike can participate?

I have a conflict @ 1pm. Can we reschedule this to 4pm or for another date/time? Please advise.
